NUMB. 503.

THE South-Carolina Gazette.

Containing the freſheſt Advices Foreign and Domeſtick

From SATURDAY *December* 8, to SATURDAY *December* 15, 1739.

CHARLES-TOWN, December 15.

In the publick Prints brought by Capt. Gregory, who arrived here on Saturday laſt in about 7 Weeks from London, we have the following freſh Advices, By which we find no Appearance of a Peace.

MADRID, Sept. 10.

THE Marquis de Villarias has declared to Mr. Vander Meer, that neceſſary Informations being arrived from America, in relation to the Dutch Ships detain'd there, it thereby appears, that ſome of thoſe Veſſels had exerciſed a clandeſtine Commerce, but that others had been taken without being in any reſpect culpable, ſo that theſe laſt would be releaſed without Delay; and that the King would do himſelf a Pleaſure in giving on this Occaſion, a ſenſible Mark of his Friendſhip for the Republick of Holland. Letters of Reprizal againſt the Engliſh are not only granted to the Subjects of the King, but likewiſe to thoſe who ſhall carry any Spaniſh Colours. The Value of the Engliſh Ship coming from Levant, taken by the King's Galleys is ſaid to amount to 10 or 12 Millions of Livres.

LONDON, Sept. 27.

Col. Thomas Laſcelles, director of the ordnance of Great Britain, is newly arriv'd here from Dunkirk and Graveline; and having been at Court, met with a moſt gracious Reception from his Majeſty.

Such large quantities of powder have been deliver'd from the magazines on account of the preſent extraordinary armament, that they are very buſy in ſhipping Saltpetre for his Majeſty's uſe, to be ſent to ſeveral mills that are order'd to work inceſſantly to ſupply the powder houſes with a ſufficient number of barrels,, equal to what have been lately exhauſted.

The Anne Galley, commanded by Capt Hughes, one of the merchantmen lately converted into a fire ſhip at Deptford, is fallen down the River to join the Squadron deſigned for the Home Station.

We hear that her Royal Highneſs the Princeſs of Wales is again happily advanced in a State of Pregnancy.

About 150 Welſh Families are going over to ſettle in South-Carolina, the Aſſembly of that Province having voted them a year's rent, together with great quantities of proviſions, and planting tools, beſides other advantages.

James Glenn, Eſq; the Governor waits the ſettling his Eſtabliſhment, before he embarks for that Province.

The Lieutenant General of the ordnance, &c have given orders for a number of flat bottom'd boats timbed over, to be made for the uſe of an Army when they paſs over rivers: each boat to be 24 feet long, and 5 Feet over; they are about a Month in perfecting one; 36 is to be made, & they are at Work with great Diligence upon them: Wool Sacks

We hear another Bomb veſſel will ſpeedily be put into commiſſion, which is to join the ſquadron commanded by Sir John Norris.

There is an Account come that the Durſly galley has taken a Spaniſh merchant man in the mediterranean of 500 tons, laden with wine, oyl, and fruit.

They write from Malaga the 1ſt Inſtant, N. S. that an Order from Madrid arriving there for ſeizing all Engliſh Effects, the following Ships were ſeized in that Port, viz. the Eltham, Cornelius Macnamara loaden for London,
The Thomas, Hayden,
The Adriatick, Hannay
The Elizabeth and Hannah, White,
The —— Brigantine, Phelan,
And the St. John Baptiſt, Griffith,
They add, that two of their Gallies had taken two Days before and brought in,
The Cheſterfield, Capt. Reynolds, bound from Taranto with Oyls for Amſterdam, and
The Friendſhip, Capt. Lower, and
The Charming Sally, Capt. Brown, deſigned for that Port from Cadiz.
But no doubt a Stop would ſoon be put to their Succeſs, one Man of War ſtationed to cruiſe before that Port, being capable of preventing their coming out or going in, and its Situation for Privateering being too well known not to be taken Care of.

The Wellcome, Capt. Mullbery, from New-England, ignorant of our Difference with Spain, arrived at Bilbao juſt before the Poſt came away.

There are Letters from Malaga, which ſay, that the Spaniards deſign to convert the above Ships into Privateers, and to oblige the beſt Part of the Crews to fight againſt their Countrymen.

It was reported laſt Night, that two Ships, bound for Amſterdam from London, were in their Paſſage taken by the Spaniards.

On Thurſday laſt all the general officers in Town attended his Majeſty at Kenſington And

Brigadier general Armſtrong was ſome time in his Majeſty's cloſet with the King.

On Thurſday an expreſs was ſent from the Admiralty Office to Admiral Haddock, with new Inſtructions for the fleet under his command.

On Friday came adwiſe, that Admiral Haddock's ſquadron had taken four large ſhips as they were going into Cadiz, having on board large quantities of ſilver, and other valuable effects, and carried them to Lisbon: the ſaid ſhips are ſaid to be from the Carracas and Bay of Honduras.

Yeſterday certain Advice came, that the Portugal Merchant, Capt. Bellgard, bound from Naples to Amſterdam, is taken by a Spaniſh Privateer, and carried into Oran.— This occaſioned the Report that the Prince William, Capt. Rooke, was taken.

The Sarah, Capt. Dalton, bound from St. Remo to London, is alſo taken by the Spaniards, and carried into Savona.

They

They write from Lisbon of the 15th Inst. that the Oxford Man of War, Capt. Compton, was arrived there in 14 Days from Portſmouth, and brought in with her a Spaniſh Ship bound from St. Sebaſtian for Cadiz, loaded with 80 Tons of Gun-powder and other Goods,

On the other Hand, a Spaniſh Privateer has taken an Engliſh Merchant-ſhip richly laden in the Mediterranean.

A private Letter from Genoa, by the laſt French Mail, brings, that one of Admiral Haddock's ſquadron had taken a Spaniſh Ship under Genoeſe Colours, bound from Leghorn to Meſſina, with Silk, fruit, &c. the Cargo being valued at 14,000 *l.*

His Majeſty's Ship the Greenwich is ordered for the Weſt-Indies directly, and for that Purpoſe is taking in her Victualling-Stores.

CHARLES-TOWN, Dec. 15.
